CAREER OBJECTIVE

Enthusiastic and detail-oriented fresher with a strong foundation in technical support and software development. Proficient in full-stack development with hands-on experience in React.js, Node.js, and database management. Eager to leverage my skills in a challenging role that fosters learning and growth.

EXPERIENCE

Frontend Developer Intern   February 2024 - May 2024 | Remote
Aivariant |
Developed a dynamic platform for property management and listings using ReactJS, CSS, and Spring Boot.

- Implemented advanced features like property search and wishlist, significantly enhancing user engagement.
- Gained hands-on experience with automation frameworks and manual testing methodologies.
- Tested and debugged front-end components to maintain quality standards.

PROJECTS

Book Application

- Develop a comprehensive book management system that allows users to browse, search, categorize, and manage books effectively.
- Technologies: MySQL, Node.js, React.js
- Integrated RESTful APIs built with Node.js and Express.js, ensuring seamless CRUD operations and real-time updates.
- Utilized MySQL for robust data storage and optimized queries for efficient database performance.

Blog Application

- Create a dynamic blogging platform that enables users to publish, edit, and manage blog content efficiently.
- Reactjs, Node.js, MongoDB
- Implemented an interactive commenting system and social media sharing capabilities to enhance user engagement.
- Developed a Node.js and Express.js backend with PostgreSQL, ensuring data integrity and efficient management.

Travel Guide Application

- Build a travel guidance platform providing real-time travel suggestions, itinerary planning, and budget analysis.
- MongoDB, Node.js, React.js, Express.js, REST API.
- Designed a robust travel solution offering travel guidance, suggestions, and budget analysis for all seasons.
- Developed two operational modes: User-to-User Interactions (Peer-to-Peer) for community-driven recommendations.

EDUCATION

Bachelor of Engineering - Computer Engineering
JSPM's Bhivrabai Sawant Institute of Technology and Research, Savitribai Phule Pune University   Sep2021-June2024

Diploma - Computer Engineering   Aug 2018 - Jun 2021
ICRE, MSBTE

Areas of Expertise

- Programing Language: Java, Javascript, SQL
- Technical Support: Troubleshooting, Customer Support, Application Support
- Development & Frameworks: Agile Methodology, REST APIs
